Someone from Tales of the Abyss (I need to make up my mind)
And probably either Akito from Fruits Basket or Soubi from Loveless
And I might bring Vexen out of hiding for a little while.

C.C. from Code Geass (0% done, just got the boots in and need everything still)

I haven't found something I want to cosplay as yet... but if all else fails, and I haven't found anything, I'll be Zetsu from Naruto. I already know I can pull that off very well, and I already got the stuff. I just don't care for Naruto anymore, and I would rather be a character from something I'm really into right now.

True, and the only Orange guy is a kooky space monster. It would boil down to Yellow, Green, Red, or Blue. Yellow is just too evil, I just couldn't bring myself to wear their color. Green is my favorite... but Red and Blue aren't without their charms. Hence my dilemma. How were you guys planning to do the Black corps? Just suits and rings? or were you guys gonna do zombie make-up as well?

I'll also be putting on cat-ears/tail a couple days of the con so I can be cat-girl Rukia. (Fanboys are so fun to tease. :p)

However, I think one day I'll be going casual, maybe with ears, and a tail. :3 My Shinigami costume is /hot/ so it'll probably be Saturday or Sunday as they're the longest days of the con. :/

Anyone got an idea where I can get a sword at the con for my costume?

There's always several weapons dealers in the Dealer's Rom, and most of these have wooden versions of Bleach zanpaktou or at least bokken. I found a dealer last year who had only wooden blades, no live ones, and they were kind of buried among lots of stuff in the stall. But they were superb quality at incredibly low prices.
